Sathees Siva

Operations, Technology & Transformation Leader

Toronto, Canada | satheess@outlook.com | linkedin.com/in/satheessiva

I build multidisciplinary teams, strengthen delivery, and turn business needs into practical technical solutions. My experience spans technical support, Salesforce, promotion operations, AI and workflow automation.

SELECTED IMPACT AT POINTS / PLUSGRADE

Team growth: 5 to 14 people

Established a Team Lead model and developed three employees into management roles.

Reliable delivery: 60%+ fewer production incidents

Strengthened validation, monitoring and risk reviews. Quality reviews caught 100+ potential partner-facing issues annually before release.

Practical AI: 80%+ less production time per request

Led AI-powered creative and content tools automating 1,000+ asset requests each year.

Workflow automation: 360+ hours saved annually

Implemented integrations, including daily foreign-exchange rate updates, to remove recurring manual work.

EXPERIENCE
